

# Stop Skyrocketing Credit Card Fees

## Canadian Restaurant and Foodservices Association

In the past year, Canadian restaurant and foodservices operators have seen credit card processing fees rise as a result of a complex new fee system introduced by Visa and MasterCard. CRFA is fighting to bring these skyrocketing fees under control and is calling on government to ensure that the fees charged to merchants are fair, transparent and predictable.

Please review your credit card statements for November-December 2007 and November-December 2008. Use the table below to calculate how much your credit card fees have increased over last year. Also, please provide your name, your company name and a contact phone number or e-mail address. This info and your stories will be invaluable in our ongoing efforts to put a stop to skyrocketing credit card fees. For additional info, contact Justin Taylor, CRFA's VP for Labour and Taxation at 1-800-387-5649 or [jtaylor@crfa.ca](mailto:jtaylor@crfa.ca).

**The information you provide us will remain confidential and will not be shared without your explicit consent.**
