

Canadian Institutional Foodservice Market Report

Since 1999, fsSTRATEGY has been estimating the sales of Canada's institutional foodservice market. Such sales include those of contract foodservice management companies and institutions that operate their own foodservices. The analysis is broken down by sector:

- Healthcare
- Education
- Business dining
- Corrections
- Transportation
- Remote

This electronic report prepared in Microsoft PowerPoint trended sales data for the past five years including:

- Sales estimates by sector, broken down by contract and self-operated
- Subsector detail – e.g., in healthcare – long-term care, retirement and acute care; in education – private schools, high schools, colleges and universities
- Key trends in each sector

Price: \$995 plus HST, \$895 plus HST for CRFA members, \$695 plus HST for study participants
